12. First, here are some statements from people who may support this measure. []a.	(T) (STUDENT ACHIEVEMENT) This measure will upgrade classrooms, computer systems, and science labs to improve student learning and achievement. These investments will provide students with the technology and skills they need to compete in an increasingly advanced and competitive economy. -----	34 %	40 %	16 %	8 %	2 %	74 %
[]b.	(T*) (AGING INFRASTRUCTURE) Most of our schools were built decades ago, and as a result many are aging and in need of basic health and safety upgrades. These bond measure funds will be used to repair deteriorating restrooms and leaky roofs; replace outdated electrical, lighting, heating and air conditioning systems; and update fire alarm and sprinkler systems. -----	44 %	34 %	13 %	7 %	2 %	78 %
[]c.	(T) (SCHOOL SAFETY) Many Vallejo schools have outdated or have insufficient security features that need to be improved. It is essential to install security fencing, cameras, and lighting, and upgrade other essential security systems to provide safe learning environments. -----	34 %	36 %	18 %	9 %	3 %	70 %
[]d.	(T) (TECHNOLOGY) Our schools are lacking the up-to-date technology students need to succeed. This measure will upgrade classrooms, science labs, and computer labs, as well as improve electrical systems and wiring for computers and internet access, to ensure our students will have equal access to competitive twenty-first century learning. -----	40 %	36 %	15 %	6 %	3 %	76 %

[]e.	(T) (STUDENT HEALTH) With obesity, diabetes, and other chronic illnesses at an all-time high, it is crucial to ensure that our schools promote our kids' health. This measure will provide new play structures and athletic fields where children can be physically active, and new kitchen spaces to prepare healthy school lunches. It will also remove hazardous materials from our children's schools and improve indoor air quality. -----	32%	30%	23%	13%	2%	62%
[]f.	(T) (ACCOUNTABILITY) Funds from this measure will be subject to strict accountability provisions, including annual independent audits and a review of all expenditures by a citizens' oversight committee. This will ensure that funding is spent efficiently and as promised to the voters. -----	37%	28%	16%	17%	2%	64%
[]g.	(T*) (QUALITY TEACHERS) This measure will ensure that our schools are able to retain and attract quality teachers. By upgrading and building new classrooms, the best teachers will want to teach in our community because classrooms will be up-to-date, healthy, clean, and safe. -----	29%	30%	22%	17%	2%	58%
[]h.	(T) (RIGHT TIME) The longer we put off vital repairs and upgrades at Vallejo's schools, the more expensive it will be to fix these problems down the road. Now is the right time to make the necessary improvements to Vallejo's public schools. -----	44%	30%	15%	9%	2%	74%
(ASK SPLIT SAMPLE B ONLY)							
[]i.	(T) (EARLY CHILDHOOD EDUCATION) This measure will increase and improve early childhood education programs in Vallejo. These investments will lead to increased transitional kindergarten programs, providing children with access to early educational opportunities important for their brain development and offering parents an alternative to expensive daycare programs. -----	30%	32%	20%	12%	6%	62%

[]j. (T) (ENERGY EFFICIENCY) This measure is a smart investment. It will improve energy efficiency and water conservation by renovating buildings and improving heating, ventilation, and air conditioning. These improvements will reduce energy and water use, make our schools more sustainable, and save money that can be redirected back into the classroom. -----	27%	37%	19%	13%	4%	64%
[]k. (T) (ACADEMIES) Wall-to-Wall Academies in Vallejo's schools are innovative learning communities built around a college and/or career pathway, including biotech, law, hospitality, and many others. This measure will improve and upgrade classrooms so that students in these academies can have access to hands-on, interactive learning tools to prepare them for the real world. -----	29%	33%	20%	13%	4%	63%
[]l. (LOCAL CONTROL) Unfortunately, funding for Vallejo's schools can vary year to year based on factors out of the District's control. This measure will allow us to take control locally and ensure that we continually provide high-quality, affordable, public education in our community no matter what national or state policies may emerge. -----	22%	34%	22%	18%	4%	56%

[]a. (T) (PAY TEACHERS) Our local teachers are severely underpaid and ill-equipped by the District. Instead of raising taxes to fund facilities we don't need, the Vallejo City Unified School District needs to focus on retaining and attracting quality teachers so our children receive the best education possible. -----	35 %	34 %	20 %	8 %	3 %	69 %
[]b. (T*) (MEASURE E) Just a few years ago, voters rejected an ill-conceived school bond measure put on the ballot by the Vallejo School District. We should respect the will of the people and once again vote "no" to raising local taxes and giving the dysfunctional District more money to waste. -----	21 %	28 %	33 %	14 %	4 %	49 %
[]c. (T*) (TAXES/COST OF LIVING) With our local economy just starting to recover and the cost of living continuing to rise – especially for housing – we simply cannot afford any new taxes. -----	25 %	25 %	34 %	13 %	2 %	50 %

[]d.	(T*) (MISMANAGEMENT) The Vallejo City Unified School District has a long history of misspending taxpayer dollars. The District was in State receivership for close to nine years due to gross fiscal mismanagement, and we've once again seen more turnover among its leadership. The money from this measure will either be wasted or mismanaged. We simply cannot trust local school officials.-----	38%	33%	16%	6%	7%	71%
[]e.	(T*) (BOND WRONG WAY) This bond measure will authorize the District to borrow millions of dollars, which in the end will cost taxpayers twice as much – nearly 350 million dollars – taking into account interest. There are better ways to fund our schools than borrowing money that our kids will have to pay back some day. -----	31%	29%	26%	9%	5%	60%
[]f.	(DECLINING ENROLLMENT) Enrollment has been consistently declining for years in Vallejo's schools. With fewer students to educate, the District just doesn't need the extra funding and we should not support this tax measure. -----	13%	20%	40%	22%	6%	32%
(ASK SPLIT SAMPLE A ONLY)							
[]g.	(T) (COMPETING PRIORITIES) The top priority in Vallejo right now should be improving public safety. We should not vote to spend so many more tax dollars on schools when crime is still out of control. -----	17%	19%	37%	24%	3%	36%
(ASK SPLIT SAMPLE B ONLY)							
[]h.	(T) (PENSIONS). Too much of our hard-earned taxpayer money is going to pay for gold-plated public employee pensions. The District should tighten its belt and enact pension reform, not ask Vallejo voters to raise local taxes.-----	29%	27%	26%	13%	5%	56%
